PARTNER UP!

Get involved as early as possible

Having the **right people** interact with the startups is a highly critical factor. The idea is to **involve** representatives from the respective **business units** and secure their buy-in **as early as possible**.

We want YOU to...

- **Explore latest technology trends** from the startup scene
- Find **collaboration partners** to solve current or future business **challenges**
- Work with startups to explore and build up **new business fields**
- Get inspired and tackle challenges with an **entrepreneurial mindset**

Do you have a challenge or topic to explore?
